Windows Guards & Partitions

WINDOW GUARDS

Easily enhance prisoner transport security

- Engineered for precise fit and easy installation
- Laser cut for each year, make, and model vehicle
- Designed for perfect contour fit
- No cutting, welding or painting required

Interior Window Guards

Window Bars - Ford Crown Victoria only
(VBI-F7)

- **Effective, Strong and Discreet** way to protect windows
- **Automated Fabrication Process** ensures precise contour fit for easy, clean-looking installation
- **CNC Punched** from one-piece heavy-duty steel for optimum strength and less sharp than expanded (some models available in aluminum)
- **Diamond-Shaped Perforations** allow for increased driver visibility
- **Black Polyester Powder Coat** on all parts for a long-lasting finish

VAN PARTITIONS *Custom built, high security transport partitions*

- Quickly convert your full-size passenger van into a prisoner transport
- Fits the van contour from floor to ceiling
- Designed for Ford and Chevrolet Vans
- 12-gauge formed and welded steel
- Front, middle, and rear partitions available
- Each partition is 75 lbs.

- **Front partition** with emergency exit hatch in top center section of the partition
- Two heavy-duty slide bolts in driver compartment allow for quick removal of hatch
- The bottom half of the partition is 12 gauge steel
- The top half of the partition is 12 gauge steel with diamond shape openings
- 1/4" Jexan covers the top perforated half of the partition

- **Middle partition** fits behind the first row passenger bench
- The partition wraps around the bench seat to allow for passengers access to the rearward bench seats
- The bottom half of the partition is 12 gauge steel
- The top half of the partition diamond shape openings
- There is not an emergency exit hatch in the middle partition

- **Rear partition** fits behind last bench seat in a 12 or 15 passenger van
- Emergency exit hatch is located in the top center section of the partition with removable pins or side-bolts accessible from the rear cargo area
- The bottom half of the partition is 12 gauge steel
- The top half is 12 gauge perforated 12 gauge steel
